

I truly believe the corruption of the media has gone too far and is totally immoral.

The actions of Sinclair revurberate through our country of those in power who do not want to lose their power JUST as the White Powerful Plantation owners of the South did not want to give up their slaves many decades ago.....it is so sad to see this nation returning to our darker days.

I am white, by the way, 64, influential and very educated. I assure you I am just going work harder in Denver to make sure that John Kerry is elected. If he is not elected, I will keep working hard to help change the terrible direction this country is headed and remove the the likes of Sinclair and the corrupt entourage of the Bushs who are truly a danger to our nation.

One thing I can promise Sinclair - - they will truly someday regret ever making this decision! The energy they are putting into this will backfire three-fold. Of this, I am as confident as the earth turning.
